Subject: RE: Follow up on residents on Carter Road- Do you have any data from these locations?

I know for sure that we tested [Ex. 6 - Personal Privacy] and determined that she was not affected. She just never accepted that. I'll dig up all the data we have – we tested some 30 homes against the SDWA parameters in 2010 and my recollection is that they all came back clean for everything except some of the secondary MCLs that we were already aware of.

Subject: Follow up on residents on Carter Road- Do you have any data from these locations?

Scott- Here is the list of the 5 homes we talked to on November 10th, that are also on Carter Road but indicated they either hadn't been sampled or if they ever were, they don't remember getting any analytical results. We couldn't find any of them in the data you had Seth send us.

Ex. 6 - Personal Privacy

Thanks! Please let us know if you have anything on these residences. They indicated they were not on bottled water, and our concern is that all but the [Ex. 6 - Personal Privacy] residence had several young children in residence, the [Ex. 6 - Personal Privacy] residence had one [Ex. 6 - Personal Privacy] that we saw....
